

# Sanderstead Newsletter

## Ward Priorities

### Burglary

To visit every burglary on the ward. To maintain and reduce residential and non-residential burglaries across the ward.

### Vehicle Crime

To visit victims of vehicle theft. To reduce motor vehicle crime - including theft of and theft from motor vehicles.

### Community Engagements

To engage with members of the community ranging from youths to the elderly.

## January News Column...

A special welcome to all our residents into the new year and here are some of the events that marked off our start in January.

Local Safer Neighbourhoods officers for Sanderstead were called in to support our sister ward of Selsdon on a knife arch posting that took place at John Ruskin College. The tasking is a local partnership with school management to bring us in as support and a resource to both deter student's involvement in knife related crime as well as other youth affiliated anti-social behavioral issues

## **What is a Safer Neighbourhood's Teams (SNT)**

Your Safer Neighbourhood's Team (SNT) is a group of Met police officers dedicated to serving your community.

The team is made up of officers based in your area (or 'ward'), supported by additional officers from the wider area. We work closely with local authorities, community leaders and residents to decide our policing priorities for the area. This helps us to find useful, long-term solutions to local problems, while maintaining our wider focus on reducing crime across London.

## **Frontline Focused?!!**

The posting yielded a few positive results which were, 7 stop and searches as well as seizure of cannabis contraband.

Our quarterly Sanderstead ward panel meeting also took place at All Saints Church where we were again required to provide a three month's account of our work alongside our ward priorities of community engagement, reduction of vehicle related crime and preventative steps towards reducing residential burglaries.

We are also currently seeking more participation and voices from within Sanderstead community to sit in on our ward panel so as to diversify the collective input that betters our service for our residents.

**TOO GREAT FOR HATE**

Greater Manchester stands together against hate crime. [LetsEndHateCrime.com](http://LetsEndHateCrime.com)

## Neighbourhood Watch

Neighbourhood Watch is about people getting together with their neighbours to take action to reduce crime.

They're community initiatives owned and run by their members which are supported by the police but not owned by them, although we sometimes run them.

They work by developing a close relationship between community members and the local police.

Neighbourhood Watch schemes can:

- Cut crime and the opportunities for crime
- Help and reassure those who live in the area
- Encourage neighbourliness and closer communities
- Go to [www.cbnwa.com](http://www.cbnwa.com) to find out what groups are active in your area and to register to join.

We organize contact points sessions, which are face to face sessions that members of the public can attend and discuss any concerns they may have with local officers

Please see dates, times and locations.  
Please let us know if you plan on attending.

**Friday 30<sup>th</sup> January 2026 – 13:00hrs-14:00hrs  
Maple restaurant Sanderstead (Drop-in Surgery CUPPA with a COPPA).**

**Thursday 16<sup>th</sup> April 2026- 18:30hrs-20:00hrs All Saints Church Sanderstead (Ward Panel Meeting).**

**Thursday 05<sup>th</sup> February 2026- Precious Home Children's Care Home visit (14:00hrs)**

**Residential Burglary 01<sup>st</sup> January – 31<sup>st</sup> January 2026.**

<b>Crime Type</b>	<b>Date/Time Patterns</b>	<b>Road</b>	<b>Circumstances</b>
<b>Residential Burglary</b>	03/01/2026 20:00hrs	<b>Upper Selsdon Road</b>	Victim made a report to police after he found his house window smashed with approximately £20000 worth of gold items stolen from his address.
<b>Residential Burglary</b>	11/01/2026 19:00hrs	<b>Beechwood Road</b>	Victim has returned to his home to find it ransacked and his as well as the family possessions pulled out of their wardrobes.

**Theft from a Motor Vehicle as of 01<sup>st</sup> January – 31<sup>st</sup> January 2026**

<b>Crime Type</b>	<b>Date/Time Patterns</b>	<b>Road</b>	<b>Circumstances</b>
<b>Theft from A Motor Vehicle</b>	03/01/2026 18:35hrs	<b>Church Way</b>	Victim made a report about their vehicle number plates being stolen off her vehicle (front and rare)
<b>Theft from A Motor Vehicle</b>	11/01/2026 14:47	<b>Copthorne rise</b>	Victim's car was parked intact and upon returning they realized the vehicle had been vandalized with both front and back plates stolen
<b>Theft from A Motor Vehicle</b>	20/01/2026 10:15am	<b>Ridge Langley</b>	Victim reported their vehicle registration mark plates stolen from their vehicle

**Theft of a Motor Vehicle 01<sup>st</sup> January – 31<sup>st</sup> January 2026.**

<b>Crime Type</b>	<b>Date/Time Patterns</b>	<b>Road</b>	<b>Circumstances</b>
<b>Theft of a Motor Vehicle</b>	15/01/2026 22:00hrs	<b>The Windings</b>	The victim made a report after they had their vehicle stolen off the drive and its keys left behind.
<b>Theft of a Motor Vehicle</b>	16/01/2026 22:00hrs to 08:30Hrs	<b>Beechwood Road</b>	Unknown suspects have stolen the victim's vehicle from outside of the property leaving its keys behind
<b>Theft of a Motor Vehicle</b>	18/01/2026 22:40hrs	<b>Briton Crescent</b>	Victim was in her kitchen when they heard their vehicle reversing off the drive.
<b>Theft of a Motor Vehicle</b>	19/01/2026 23:00hrs	<b>The Windings</b>	Victim's husband reported her car stolen despite the keys to the vehicle being

			left behind
<b>Theft of a Motor Vehicle</b>	21/01/2026 04:24hrs	<b>Cranleigh Gardens</b>	Vehicle was stolen off the victim's drive by two male suspects but later tracked down and recovered using an apple tag by police
<b>Theft of a Motor Vehicle</b>	22/01/2026 21:03hrs	<b>Hazelwood Gove</b>	Tracking device in the victim's vehicle was disabled and car stolen

With a steady rise in vehicle related crime on our ward, we will be switching over our proactive measures in bringing this to a manageable reduction starting with some preventative tips shared below

#### 1. Lock your vehicle

Locking your vehicle, even when filling up or parked on your drive, greatly reduces the possibility of it being targeted by an opportunist thief. Even if you have locked your vehicle, check you haven't left any windows or the sunroof open.

It is actually illegal to leave your vehicle running unattended while you de-ice it or warm it up in cold weather. If someone takes it while it's left like this, your insurer won't pay out because you won't be covered.

If your vehicle has wing mirrors that fold in automatically when locked, make sure you lock it properly. Criminal gangs are looking for vehicles like these where the wing mirrors are still out because it is clear to them that the vehicle has been left unlocked.

#### 2. Keep the keys safe

Vehicles today are by and large more difficult to steal than ever, unless the thief can access your key or fob to clone them. Keep your keys safe, out of view when at home, and away from your front door. It's not uncommon for car keys to be stolen from inside your home by thieves fishing for them with a stick and hook through the letterbox.

If you're selling your car and you meet up with a potential buyer, do not allow the keys out of your sight. Your keys may be cloned by thieves and used later to steal your vehicle.

#### Keyless entry

Cars with keyless entry unlock automatically when the key comes within a short distance of the car. This can be from inside a pocket or bag. If you have to push a button on your car key to open your car, you don't have keyless entry.

Keyless car theft or 'relay theft' is when a device is used to fool the car into thinking the key is close by. This unlocks the car and starts the ignition.

Thieves only need to be within a few metres of your car key to capture the signal, even if it's inside your home. This means that even if your car and home are secure, thieves can still unlock, start and steal your car.

#### How to protect your keyless entry car

- When at home keep your car key (and the spare) well away from the car.
- Put the keys in a screened or signal-blocking pouch, such as a Faraday Bag and check if the bag or pouch is still working every few months.
- Reprogramme your keys if you buy a second-hand car.
- Turn off wireless signals on your fob when it's not being used.

Additional physical security such as locks and immobilisers are still highly recommended. [Section six](#) on this page has more information about this.

### 3. Be aware of carjackers

The fact that you're in the car isn't always a deterrent to someone trying to steal it.

In traffic, drive with the doors locked and when queuing leave enough space in front of your vehicle to enable you to get out of a tight spot. If your vehicle is bumped from behind, wait to pull over – somewhere safe and preferably where there are people. After all, you don't know the person who has collided with you; they could well be hijackers. If you're at all suspicious, consider calling the police.

If someone threatens you, it's better to hand over the keys to the vehicle than become a victim of assault. Then call [999](#) as soon as possible and ask for the police.

If your car is stolen, some modern vehicle alarm and tracker systems have the facility to isolate or shut down fuel systems, bringing the vehicle to a halt and leaving the thief high and dry.

### 4. Park responsibly

It's always advisable to avoid parking in dark and secluded areas. It's worth an extra five or ten-minute walk if it means your vehicle is left in a well-lit and busier street.

And if possible, always try to park in illuminated and staffed car parks or those with a Park Mark safer parking award. To find one, simply check out [Park Mark](#).

### 5. Watch for illegal tow trucks

Thieves often attempt to lift vehicles from the street, literally. So, if you see a towaway crew acting suspiciously – especially if their vehicle isn't branded or if they're not in uniform – then please report it immediately.

As with every report of suspicious behaviour made in good faith, we'll never blame anyone for calling us if it proves unfounded.

Car parks with height-restricted entrances help prevent illegal tow trucks and removal vehicles. And fitting a [Thatcham rated](#) category 1 or 2 alarm system with tracking, immobilisation, anti-grab and movement sensors can help protect and trace your vehicle.

### 6. Fit good in-car security locks

Additional physical security can help to prevent your vehicle being driven away even if a thief gains entry. There are a range of security rated products tested by [Sold Secure](#) that can help, such as steering wheel locks, pedal boxes and gear stick locks.

Some of these products, tested to Sold Secure Diamond, can even resist a small hand-held angle grinder.

It's also worth speaking to your vehicle dealership about installing an aftermarket immobiliser approved by the manufacturer.

Immobilisers prevent a vehicle from starting unless the correct fob, key or activation process is used. They can be personalised so that you're the only one who knows how to unset it via a number of dashboard controls.

### 7. Double-check electronic locking

Electronic devices can be used to jam the electronic signal from your key fob to lock your vehicle. Always manually check your vehicle has locked before walking away.

If unsure, lock it manually, then scan the immediate area for anyone hanging around. If a potential thief who's watching feels they've been spotted, they'll probably move off.

## 8. Before owning, check for cloning

Changing the identity of a vehicle, known as vehicle cloning, can be as simple as adding stolen number plates. When buying a vehicle, always check the DVLA V5 document and make sure the Vehicle Identification Number (VIN) on the vehicle is the same as on the document.

Make sure you check more than one of the VINs as well as the engine numbers on the vehicle (see diagram).

[Check a used vehicle you're buying.](#)

## 9. Secure your port

Many modern vehicles are fitted with engine management diagnostic ports, which can unlock and start your vehicle. If your vehicle has this type of port, consider fitting a lockable cover.

## Our Extra Bits...

### **MET Engage, so why sign up?**

The platform will allow you get timely alerts on crimes, scams and fraud in your area, safety tips and prevention advice, local officer updates on community events/or detail and lastly, you will have a platform to help you voice your concerns to help shape local policing priorities.

Met Engage supplements, but does not replace, official reporting channels i.e. contacts such as (999,101 and the police online submission form). Your data will also be kept secure and used for sending relevant trusted information.
